- o ■ This is an excellent service. I was amazed and impressed with the service and the results. A very thorough report, with lots of informative links, everything you need to make an informed decision on available internet types and services. Thank you, your report was fabulous and so is your service. I will definitely recommend this service to others. 5 stars from me.

Mareeba Shire, QLD
Michelle

- Phenomenal service, very professional and very knowledgeable. It would have taken me months to find out the information they provided me in a matter of weeks.

Tamworth Region, NSW

Ana

- I was so uninformed about what options were available for our rural property. As a new connection our builder didn't help at all. RTH were fantastic at explaining the process in laymen's terms and were super helpful. They made our connection process unbelievably simple!

Mitchell Shire, VIC

Carlie
